

The Environmental Four Rs for the Home

Reduce | Reuse | Recycle | Rebuy

The Four Rs

- ☆ **REDUCE**—cut your use of energy, water, materials, and toxic products.
- ☆ **REUSE**—use it again and again, until it can't be used anymore.
- ☆ **RECYCLE**—make new products or packaging from used materials.
- ☆ **REBUY**—consume products made from recycled materials.

Contacts

- ☆ Recycling opportunities vary by community. Call your city solid waste, sanitation, or public works department to see what recycling services it provides.
- ☆ Call your local Keep Texas Beautiful affiliate to get involved in litter prevention, beautification, or waste minimization programs in your area.
- ☆ Visit www.ktb.org and enter your zip code in the Earth 911 box for automated information on recycling near you by entering your zip code.
- ☆ Call TCEQ at (512) 239-4747 for information on household hazardous waste collections in your area and on how to get a collection program started.

Information provided by the Texas Commission on Environmental Quality and Keep Texas Beautiful.
