

KEEP TEXAS RECYCLING PROJECT HIGHLIGHTS

1
The technical assistance project in the DFW region helped communities educate the public on contamination and improve efficiency.

2
With commodity prices low and outlets for material limited, KTR worked with communities in the Houston-Galveston area to find vendors and alternatives.

3
The Texas Rural Carton Recycling project worked to implement and explore carton recycling options for rural communities.

4
In 2018/2019, KTR visited and awarded 17 communities with 20-year achievement awards.
